EXPERIENCE

QA Engineer
Hey Reliable

📅 01/2019 - 05/2025

🔗 https://heyreliable.com/

Responsibilities:

- Performed manual testing for websites built with WordPress, Elementor, and WooCommerce.
- Tested new UI/UX designs to ensure accurate implementation and consistency with design specifications.
- Created and executed detailed checklists, and testing documentation.
- Reported bugs and worked closely with developers to verify fixes and perform regression testing.
- Conducted cross-browser and cross-device testing to ensure compatibility across platforms.
- Validated responsive layouts and markup-to-HTML conversions for visual and functional accuracy.
- Verified Mailchimp integration and tested email subscription and automation flows.
- Provided ongoing QA support and performed functionality testing of live websites to identify post-deployment issues.
- Used Teamwork to manage tasks, track progress, and collaborate with cross-functional teams in an agile environment.

EDUCATION

Specialist in enterprise economics
Kharkiv Institute of Economics, Market Relations and Management

📅 2008 - 2011

### Junior specialist in Accounting
Kharkiv Patent Computer College

📅 2006 - 2008

SUMMARY

QA Engineer with 5+ years of experience in manual testing of web applications, specializing in functionality, responsiveness, and UX across WordPress, Elementor, WooCommerce, and HTML. Skilled in test case execution, bug reporting, cross-browser/device testing, and third-party integration validation (e.g., Mailchimp). Detail-oriented, with a strong grasp of front-end development and proven success in agile, cross-functional teams using Teamwork.
